**Request to Send Four Fargo Forestry Department Arborists with Two Aerial Units to Northwood, North Dakota for a Two Day "Day of Service" Approved:**

The Board received a communication from City Forester Scott Liudahl stating the ND Urban and Community Forestry Association is a statewide organization dedicated to increasing the awareness of the importance of community forests and promoting professionalism in the tree care industry within North Dakota. He said last year the City of Northwood experienced extensive damage and many communities, agencies and organizations are still involved in the restoration and cleanup activities. The Association, he said, is currently organizing a "Day of Service" to help deal with some of the tree damage left over from the storm and it is anticipated that other communities, Association members, individuals and private contractors will participate. Mr. Liudahl stated Northwood has received grants from the ND Forest Service for tree replacement, however, significant tree damage and pruning needs still

exist. He said the Fargo Forestry Department is proposing four Certified Arborists with two aerial units spend two days in the community doing primarily proper pruning and storm damaged tree mitigation. Mr. Liudahl stated Certified Arborist services would be limited to public property and high risk trees that could potentially impact public infrastructure. He said hauling of debris, removals and stumps would be left for others and all related expenses, including liability, will be covered by the City of Fargo.

Commissioner Wimmer moved the request to send four Fargo Forestry Department Arborists with two aerial units to Northwood to participate in the two day "Day of Service" be approved.

**Land Lease Wind and Access Easement Agreement to Construct a City-Owned Wind Turbine Approved:**

The Board received a communication from Enterprise Director Bruce Grubb submitting a Land Lease Wind and Access Agreement between the City of Fargo and John and Susan Triebold. He said the Agreement is for the lease of 40 acres near Oriska, North Dakota for the purpose of constructing, operating and maintaining a City owned wind turbine. He stated at the April 24, 2006 City Commission meeting, the Commission approved submittal of two applications for bonding authority under the federal government Clean Renewable Energy Bonds (CREBs) program. He said CREBs are interest free bonds that can be sold to finance eligible renewable energy projects and the City's renewable energy project applications were as follows:

Landfill Gas Energy Project	\$1,500,000
Wind Energy Project	\$2,437,050

Mr. Grubb said on November 13, 2006, the City received formal notification from the Internal Revenue Service that both projects had been approved and awarded the requested bonding allocations. At the present time, he continued, CREBs have been issued for the landfill gas energy project and the project is completed and functional. He said the wind energy CREBs have not been issued yet, pending the acquisition of a site suitable for the construction, interconnection and operation of a wind turbine. Mr. Grubb stated after approximately 12 months of site selection and property owner negotiations, the land lease agreement with John and Susan Triebold has been successfully negotiated for a 40-acre parcel adjacent to the existing Minnkota Power Cooperative wind turbine near Oriska. He outlined the basic terms of the Agreement and recommended that the Land Lease Wind and Access Easement Agreement be approved. He summarized the steps associated with the completion of a wind energy project and stated the successful completion of the project will offer the following economic and environmental benefits to the City of Fargo:

**Economic Benefits (1.5 MW Wind Turbine):**

Net positive income of \$2.25 million over 25 year life of the wind turbine  
Average annual net income of \$90,000

**Environmental Benefits (1.5 MW Wind Turbine):**

- Electricity production equivalent to powering 380 homes
- Equivalent to offsetting emissions from 490,000 gallons of gasoline
- Equivalent to planting 975 acres of forest
- Equivalent to offsetting emissions from 9,980 barrels of oil

Commissioner Williams moved the Land Lease Wind and Access Easement Agreement with John and Susan Triebold for a 40-acre parcel in Barnes County for the purposes of construction, operating and maintaining a City owned wind turbine be approved.

**Request to Authorize Creation of a Renaissance Zone Fund by the NDSU Research and Technology Park Approved:**

The Board received a communication from Senior Planner Robert Stein stating at the January 25, 2008 meeting, the Renaissance Zone Authority reviewed a

proposal from the NDSU Research and Technology Park regarding the establishment of a Renaissance Fund Organization. He said the City currently has an agreement with Renaissance Ventures, LLC, another Renaissance Fund Organization, however, the State Department of Commerce informed the City (upon opinion from the Attorney General) that a City may have more than one Renaissance Fund Organization. He said the policies governing Renaissance Fund Organizations have evolved over time as originally, fund investments had to be invested in approved Zone projects. He said later the scope was broadened by legislative action to include projects located in a zone, zone approved projects throughout the state and in designated renaissance zone cities. Mr. Stein stated no current projects in the Fargo Renaissance Zone have received funds from the existing Renaissance Zone Organization. He said the proposal from the NDSU Research and Technology Park was discussed at length by the Renaissance Zone Authority and action was taken to recommend approval of their request. He said the legislature authorized \$2.5 million dollars in credits and they were allocated according to city size, however, there are currently no credits available for cities with populations exceeding 30,000. Mr. Stein said upon depletion of the original \$2.5 million in tax credits, an additional \$2.5 million was authorized with the provision that 50% of those funds be used in Renaissance Zones. Mr. Stein submitted information for the request to establish a Renaissance Fund Organization and stated, if approved, the Renaissance Zone Fund would need to appoint a board of directors who would direct the activities of the organization. He said the City and Organization would also need to define the expectations and responsibilities in a contract and the final agreement would need to be approved by the State Division of Community Services.

Mr. Stein stated there are currently no funds available for the City of Fargo. He said the Division of Community Services, which administers the Renaissance Zone Program, gave assurances they will allocate future credits.

Commissioner Wimmer moved the creation of a Renaissance Zone Fund by the NDSU Research and Technology Park be authorized and that they also be authorized to proceed with the appointment of a Board of Directors, development of bylaws and development of a contract with the City of Fargo.

Second by Coates. On call of the roll Commissioners Wimmer, Coates, Mahoney and Walaker voted aye.

Commissioner Williams voted nay.

The motion was declared carried.

At 6:07 p.m. the Board took a five-minute recess.

After recess: All Commissioners present. Mayor Walaker presiding.

### **Request for Tax Increment Financing for a Project Located at 1430-1436 12th Avenue North Referred to Appropriate Staff for Review:**

The Board received a communication from Planning Director Jim Gilmour submitting a request from FM City Development President Roger Gilbertson for Tax Increment Financing (TIF) for a project located at 1430-1436 12th Avenue North. He said the project consists of demolishing three older houses and constructing a three story building with 10,645 square feet of main floor commercial space and 16 apartments on the two upper floors.

City Administrator Pat Zavoral stated he wants to caution those coming forward seeking a TIF that the mill levy is going to be reduced by about 30% due to the Governor's proposal. He said TIF's are tied directly to the mill levy and less value for the mill levy means less funds in the TIF.

Mr. Gilbertson stated this is blighted property and, if the project does not go through, he does not see the property increasing in value.

Commissioner Wimmer moved staff be directed to submit the proposal to the City's financial advisors for review, to prepare a renewal plan and to draft a development agreement.

Second by Coates. On call of the roll Commissioners Wimmer, Coates, Williams, Mahoney and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

**Communication Received from the Attorney General in Response to the City's Questions About Amending an Ordinance that had been Initiated by a City-Wide Vote and Whether the Commission May Submit a Proposed Ordinance to the Voters for a City-Wide Vote:**

The Board received a communication from City Attorney Erik Johnson submitting a copy of the North Dakota Attorney General's February 27, 2008 response to his August 31, 2007 request for an opinion on two issues. He said the Attorney General issued "affirmative" responses to the following two questions:

1. Can a City Commission under regular or Home Rule Power, submit a proposed ordinance to the City's voters for approval or denial?
2. Does a City's Home Rule Charter that allows the governing body to modify an initiated ordinance supersede the state law that allows only modification by vote of the people?

Mr. Johnson said with respect to the first issue, last summer the Commission tabled second reading of an ordinance to create a procedure whereby the City Commission may submit a proposal for a city-wide vote. He said the item was tabled so the Attorney General's opinion could be requested and, as a result of the Attorney General's favorable response, he is assuming the Commission will want to move forward with their approval process and, therefore, he is submitting a "procedural" ordinance with some revisions. He stated since the Commission last saw this proposal, he added a second section to the proposed Article 28-03 to deal with a possibility similar to that which occurred in November, 2004, when there were three initiated ordinances proposed having conflicting provisions. At that time, he continued, an Attorney General's opinion stated that in the event two or more conflicting ordinances obtained a majority of votes, the ordinance with the most votes would become law and the City relied upon that opinion in November, 2004. Mr. Johnson submitted a copy of proposed section 28-0302 and stated this would codify the Attorney General's opinion and expand the scope of his opinion to include ordinances proposed by initiative, referral and those submitted to the voters by the Board of City Commissioners.

Randy Thorson, 4202 Timberline Drive, stated an Attorney General's opinion is

just an opinion. He questioned why the City Attorney would recommend Article 28-03 be acted on at this time. He also questioned why the City Attorney took the liberty to add another section to proposed Article 28-03 which would expand the scope of the Attorney General's 2004 opinion to include ordinances proposed by initiative, referral and those submitted to the voters by the Board of City Commissioners. Mr. Thorson stated the Attorney General's opinion of 2004 indicated the highest "yes" votes would prevail, however, a "no" vote is also pertinent to that opinion. He said a "no" vote is just as important as the "yes" votes and if the "no" votes would receive 50% that would indicate the voters preferred the state law.

There was discussion regarding the question of what it would mean if the "no" votes received 50% of the votes.

Mr. Thorson stated the outcome of the "yes" and "no" votes will indicate if the people want to stay under state law. He said if the "no" votes prevail, the City would remain under state law.

There was discussion regarding action on the Ordinances Relating to Approval of Ordinances by Voters and to the Prohibition of Smoking in Public Indoor Workplaces.

Mr. Johnson stated there is no urgency in acting on the Ordinances at this time.

#### **City Attorney Directed to Draft an Ordinance Clarifying the Outcome of the Votes for the Ballot Questions:**

City Attorney Erik Johnson submitted the proposed Ordinance Relating to Approval of Ordinances by Voters which was first read at the City Commission meeting on August 13, 2007. He said second reading and final adoption was tabled at the August 27, 2007 meeting until the Attorney General's opinion was received. He said since the form of proposed ordinance has been revised from the version first read on August 13th, the item is ready for the second reading with passage to occur in two weeks.

There was discussion regarding the necessity to take action on the proposed Ordinance and it was determined no action was needed at this time.

Commissioner Mahoney stated it is important to have an ordinance clarifying the percentage of "yes" and "no" votes in the upcoming June, 2008 election.

Commissioner Williams moved the City Attorney be directed to draft an ordinance to clarify the issue.

Second by Mahoney. On call of the roll Commissioners Williams, Mahoney, Wimmer, Coates and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

#### **Final Passage and Adoption of an Ordinance Relating to the Prohibition of Smoking in Public Indoor Workplaces Denied:**

City Attorney Erik Johnson stated last summer the Commission was considering a more comprehensive smoking ban ordinance. He said the draft ordinance was given first and second reading, however, it was tabled before final adoption. Mr. Johnson submitted the draft ordinance and stated it is his understanding that a petition for an initiated ordinance with nearly identical language is going to be filed with the City Auditor's Office. Therefore, he continued, he is assuming the City Commission will withdraw from final passage of the ordinance and if this is

correct, it would be appropriate for the record for the Commission to take affirmative action to withdraw from approval of this draft ordinance.

Commissioner Williams moved the Ordinance Repealing and Re-Enacting Article 10-11 of Chapter 10 of the Municipal Code of the City of Fargo Relating to the Prohibition of Smoking in Public Indoor Workplaces be taken from the table and final passage and adoption of the Ordinance be denied.

Second by Coates. On call of the roll Commissioners Williams, Coates, Wimmer, Mahoney and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

**Board of Equalization to Meet at 8:45 a.m. on April 8, 2008:**

After discussion, it was decided the Board of Equalization will meet at 8:45 a.m. on April 8, 2008.

**Bruce Frantz and Troy Goergen Appointed to the Fargo Dome Authority:**

The Board received a communication from Mayor Walaker recommending that Bruce Frantz and Troy Goergen be appointed to the Fargo Dome Authority to replace Erv Inniger and Keith Bjerke whose terms expire on April 1, 2008.

Commissioner Williams moved the appointment of Bruce Frantz and Troy Goergen to the Fargo Dome Authority for terms ending April 1, 2012 be approved.

Second by Wimmer. On call of the roll Commissioners Williams, Wimmer, Mahoney, Coates and Walaker voted aye.

No Commissioner being absent and none voting nay, the motion was declared carried.

Commissioner Coates moved that the Board adjourn to 5:00 o'clock p.m., Monday, March 24, 2008.

Second by Mahoney. All the Commissioners voted aye and the motion was declared carried.

The time at adjournment was 6:55 o'clock p.m.
